My mother who has had a stroke 2 years ago and is recovering, but struggling with structured systematic programs from the medical recommendations that has not been working very well, is in need of a creative outlet. After discussing with her, I realized she is in great need of expressing her artistic abilities on canvas again. So at this point I am asking for anyone who has any artistic materials including canvas's, paint, paint brushes, gesso, etc. To make contact with me at 843-422-0565 and please leave a message
